# Magic Years Preschool Philosophy

**Magic Years Preschool offers a stimulating early learning environment that fosters creativity in children. We provide varied learning experiences in a Christian based environment.**

**A certified teacher carefully selects & prepares a curriculum that is developmentally appropriate for preschool aged children.**

**The purpose is to provide material & activities geared to the individual needs of each child. “Hands on” materials are a part of each of the activity areas in the classroom, encouraging children to explore, experiment, & investigate.**

**In a loving, nurturing environment, the children are given many opportunities for creative expression, socialization & oral communication with peers & adults. Small group & individualized instruction are also provided.**

**It is our hope that during the preschool years, each child will develop a life-long love for learning. We want to see each child reach their fullest potential & grow cognitively, physically, & socially. We hope to foster each child’s self-image & self-confidence & help him/her build a strong foundation for all learning.**

## MAGIC YEARS PRESCHOOL

**“Where happy memories will be made during these magical years!”**

### Goals

- To provide learning experiences in a Christian environment.
- To help develop a positive self-image.
- To help develop social skills such as: sharing, following directions, & taking turns.
- To provide activities in conceptual development such as size, shapes, colors, counting & alphabet recognition.
- To provide activities to enhance large motor development such as running, climbing, and hopping.
- To offer art and music experiences such as painting, drawing, singing & dancing.
- To provide opportunities to use the five senses through the use of sand/water table, play dough, food preparation, and various other activities.
- To provide activities that relate to the world around us involving nature, animals, and people in the community.
